

PermaGrip Label Stock

THE EDGE[®] READY LABEL STOCK DESIGNED FOR HARSH INDUSTRIAL ENVIRONMENTS

PermaGrip Label Stock is Gerber's **NEW** 2-mil white polyester film with aggressive adhesive

Dimensionally stable at high temperature, PermaGrip Label Stock resists tearing and puncture. Its aggressive adhesive is ideally suited for low surface energy (LSE) substrates, such as powder-coated pipe and components. It provides excellent thermal resistance over a temperature range of -40°F to 302°F, and is chemically-resistant to mild acids, motor oil, and cleaning agents.

PermaGrip Label Stock Features

- Aggressive adhesive sticks to low surface energy (LSE) substrates
- UL-recognized to 302°F

PermaGrip Label Stock is ideal for powder-coated surfaces.

PERFECT FOR YOUR LSE APPLICATION AND EASY-TO-PRODUCE ON YOUR EDGE.

Machinery

High-temperature applications

Industrial piping

OEM parts

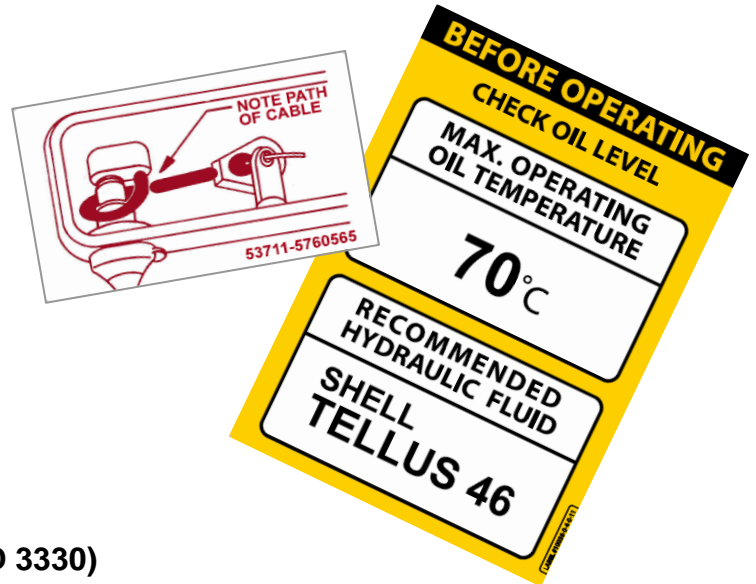

Powder-coated pipe

The Ideal Label Stock for Dozens of Industries

Specially designed for application to LSE surfaces, PermaGrip Label Stock maintains optical clarity in harsh environments. Its durability and versatility make it ideal for:

- Transportation & Warehousing
- Waste treatment facilities
- Refineries
- Original Equipment Manufacturers (OEM)
 - Construction equipment
 - Pipe, rebar & valves
 - Metals & plastics forming
 - Electronics

ADHESION PROPERTIES (Test Method ASTM D 3330)

Peel From Substrate:	Average 15 Minutes		Average 3 Days Room Temperature		Average 3 Days 160 °F
