## Getting the most out of GerberEDGE fonts

If an EDGE font does not print or display as shown in the font catalog, then too much white could be showing. EDGE fonts were designed to appear a certain way using particular vinyl substrates. For instance the EDGE font Surge was designed to be printed on Olympic Blue vinyl. This table shows the vinyl color that was used when designing a particular EDGE font.

EDGE Font	Vinyl color	EDGE Font	Vinyl color
Agenda Extra Bold	White	Hotdog	Bright Orange
Alloy	White	Hyde Park	Geranium
Alpa	White	Illusive	Fluorescent Red Orange
Alumina Bold	Medium Grey	Jade	White
