

Gerber Holographix™

Feature	Benefit
EDGE READY™ Manufactured and converted by Gerber for use with GerberColor™ Foils and the GERBER EDGE®.	<ul style="list-style-type: none"> Optimal printing results means less wasted material and greater profits. Superior finished product translates into repeat business.
Precision punched.	<ul style="list-style-type: none"> Precise punch pattern provides outstanding print registration with the EDGE and perfect tracking through Gerber plotters. This means less wasted material, greater productivity and increased profits.
Prismatic vinyl	<ul style="list-style-type: none"> The eye-catching, light diffracting effects of this material make it an easy sell for EDGE owners.
Metallized vinyl material	<ul style="list-style-type: none"> Material is easy to apply. Finished graphics can be handed to the customer on a roll and they can apply them themselves. By eliminating the installation step, the EDGE owner will save time and money and increase productivity.

Gerber Holographix is available in four patterns (Silver Sheen, Mosaic, Kaleidoscope, and Crystal Blizzard). This material is perfect for internal applications of all kinds including labels, decals, and point of purchase displays.
