

## Gerber ImageCal P

Feature	Benefit
<p>Edge READY™</p> <p>Manufactured and converted by Gerber for use with GerberColor™ Foils and the GERBER EDGE®.</p>	<ul style="list-style-type: none"> <li>Optimal printing results means less wasted material and greater profits. Superior finished product translates into repeat business.</li> </ul>
Precision punched.	<ul style="list-style-type: none"> <li>Precise punch pattern provides outstanding print registration with the EDGE and perfect tracking through Gerber plotters. This means less wasted material, greater productivity and increased profits.</li> </ul>
Polymeric Calendered Vinyl	<ul style="list-style-type: none"> <li>High-quality, calendered construction is more stable than monomeric calendered vinyls. ImageCal's quality means a better finished product and that leads to repeat business.</li> </ul>
Clear vinyl and adhesive	<ul style="list-style-type: none"> <li>Allows the EDGE owner to create window graphics, second surface displays etc</li> <li>Graphic takes on the background color of its substrate.</li> </ul>
4 to 5 mil	<ul style="list-style-type: none"> <li>Application tape may not be required when transferring small ImageCal "P" graphics. Eliminating that step from the application process will save time and money.</li> </ul>

Gerber ImageCal "P" is suitable for use in interior and short-term exterior signs, decals, second-surface applications, point-of-purchase, and window displays.
