

Gerber High Performance Series 225 Premium Film

Feature	Benefit
EDGE READY™ Custom formulated for Gerber by 3M. Converted by Gerber for use with GerberColor™ Foils and the GERBER EDGE®.	<ul style="list-style-type: none"> ◆ Optimal printing results means less wasted material and greater profits. Superior finished product translates into repeat business.
Precision punched.	<ul style="list-style-type: none"> ◆ Precise punch pattern provides outstanding print registration with the EDGE and perfect tracking through Gerber plotters. This means less wasted material, greater productivity and increased profits.
25 most popular colors	<ul style="list-style-type: none"> ◆ The range of colors will allow the EDGE owner to meet their customer's specific color requests. This can mean more opportunities and more profits.
PANTONE® simulated colors	<ul style="list-style-type: none"> ◆ 14 popular colors of Gerber HP Series 225 now have PANTONE simulated color matches making it easier to meet customer requirements for fleet, corporate, architectural and ad agency specifications. (See chart on the following page for details.)
Conformability	<ul style="list-style-type: none"> ◆ Apply to vehicle surfaces with rivets or corrugations. Vehicle markings are an excellent market opportunity for EDGE owners. These designs are quality advertising and can lead to other opportunities with the same customer.
Synthetic liner	<ul style="list-style-type: none"> ◆ Less wasted time and materials because liner will not curl or split when exposed to moisture/humidity. ◆ Superior printing performance on the EDGE, particularly for multiple color registration.
Available as "Clear Enamel Receptive"	<ul style="list-style-type: none"> ◆ Allows airbrush/paint highlights. Sign artists can augment their EDGE graphics with a personal touch. This adds value to the finished product and can mean bigger profits.

Gerber HP Series 225 sets the industry standard for vinyl performance. Applications include vehicles, window displays, labels, decals, and signs of all kinds. Long life, vivid colors, and outstanding EDGE print results can be expected from this 2 mil cast vinyl. Clear Enamel Receptive (Series 225 clear with a receptive coating) is also available for those sign artists who like to add their own airbrush/paint highlights.

Number of colors	25
Performance Life (Unprinted)	8 years vehicles and 7 years signs
Minimum application temp	40°F (4°C)
Thickness	2-3 mil
